

FROM THE HEART OF THE PILBARA

BIOGRAPHY

Soulful storytelling through song runs through Bradley Hall's blood. A Nyiyaparli man from the Eastern Pilbara in WA, Bradley is no stranger to dirt roads, fresh country air and long drives through our beautiful country.

Bradley's love of country music and sharing stories has seen him travel over 50,000 kilometers across 15 tours throughout regional West Australia, Queensland, Tamworth and New Zealand performing at pubs, clubs, mine sites and festivals.

Bradley draws inspiration for his songwriting from his life travels, connecting with family, fellow remote artists and from speaking emotion through his lyrics.

Brad has released four successful studio albums that have garnered much airplay across community stations and ABC nationally, and he has collaborated with some of Australia's leading country music stars.
